

## **FOR IMMEDIATE RELEASE**

**April 14, 2021**

### **Volunteer Fire Academy Update**

The Divide Fire Academy cadets are continuing to meet and train for firefighter certification. The 18 candidates remaining in the program represent the Garden Valley, Georgetown and Mosquito Fire Departments.

The candidates are currently going through wildland firefighting training. In the next few weeks they will be participating in line cutting, land clearing, prepping and managing live fire training, mainly at the training area behind the Georgetown Fire Department's Buckeye Fire Station at 7331 Wentworth Springs Rd.

The cadets will graduate from their academy in late May or early June. They will be available to respond to all types of emergencies and assist with a variety of functions that they have trained for.

The Chiefs of the Fire Departments are very proud of the cadets and all of the personnel that have assisted in providing training to them.
