INCIDENT FACTS

Incident Start Date: August 14, 2021		Incident Start Time: 6:54 P.M.
Incident Type: Wildland Fire		Cause: Under Investigation
Incident Location: 2 miles east of Omo Ranch, 4 miles south of the community of Grizzly Flats		
CAL FIRE Unit: Amador – El Dorado AEU		
Unified Command Agencies: CAL FIRE AEU, USDA Forest Service – El Dorado National Forest		
Size: 82,444	Containment: 0%	Expected Full Containment: August 31, 2021
First Responder Fatalities: 0		First Responder Injuries: 0
Civilian Fatalities: 0		Civilian Injuries: 2
Structures Threatened: 15,000	Structures Destroyed: 245	Structures Damaged: 13

CURRENT SITUATION

Situation Summary:	<p>The fire remained active in all areas overnight with short-range spotting and rollout continuing to increase the fire perimeter. Winds decreased during the evening hours and returned to a Southerly flow allowing for continued growth in the Northeastern areas of the fire. Due to very dry receptive fuel beds, the vegetation is igniting easily throughout the fire area. The increase of relative humidity allowed for firing operations to help strengthen control and containment lines.</p> <p>With historic drought conditions there is heavy dead and down fuels throughout the fire area. Northern California remains under Fuels and Fire Behavior Advisory. Due to ongoing damage assessment of the area the numbers of destroyed and damaged structures are subject to change.</p> <p>To better provide public and firefighter safety due to extreme fire conditions throughout Northern California, and strained firefighter resources throughout the Country, the USDA Forest Service Pacific Southwest Region is announcing a temporary closure of nine National Forests. This closure will be effective on August 22, 2021, at 11:59 p.m. through September 6, 2021, at 11:59 p.m. The closure order can be found at https://go.usa.gov/xF7EM</p>
