# YANA Program

You Are Not Alone

---

The YANA Program provides daily “check-in” phone calls to older adults living alone in El Dorado County. Phone calls are conducted once a day or can be fewer, depending on one’s schedule.

This service is FREE of charge and allows residents to remain safe in their homes knowing that someone will be checking on them with a phone call and ensuring their well-being.

To sign up for this free service, please call the YANA Program at 530-621-6255.

*This program is made possible by the coordinated efforts of the El Dorado County Health and Human Services Agency and El Dorado County Sheriff’s Office.*
